

Serial No. 09/975,101
Amendment dated June 10, 2004
Reply to Office action of March 31, 2004

Appendix: Clean Copy of Claims

1. A cover for an electronic device comprising:

a flexible sleeve, said sleeve having an opening in at least one end thereof for receiving an electronic device, wherein said sleeve is configured to allow the electronic device to be selectively removed from said sleeve;

a means for applying said flexible sleeve onto said electronic device; and

an electronic device positioned inside said sleeve, wherein,

said means for applying said flexible sleeve onto said electronic device is releasably attached to said opening.

2. The cover for an electronic device as recited in claim 1 wherein said sleeve is comprised of plastic.

3. The cover for an electronic device as recited in claim 1 wherein said sleeve is transparent.

4. A cover for an electronic device comprising:

a flexible sleeve, said sleeve having an opening in at least one end thereof for receiving an electronic device, wherein said sleeve is configured to allow the electronic device to be selectively removed from said sleeve;

a means for applying said flexible sleeve onto said electronic device, comprising an open tubular member, wherein a first end of said open tubular member is attached to said opening in said sleeve and a second end of said open tubular member is adapted to receive said electronic device; and,

an electronic device positioned inside said sleeve.

5. The cover for an electronic device as recited in claim 4 wherein said open tubular member is comprised of a material selected from the group consisting of paper, cardboard, plastic and metal.

Reply to Office action of March 31, 2004

6. The cover for an electronic device as recited in claim 4 wherein said open tubular member is releasably attached to said opening.

7. The cover for an electronic device as recited in claim 4 wherein said open tubular member is permanently attached to said opening.

8. (Canceled)

9. The cover for an electronic device as recited in claim 4 wherein said flexible sleeve is comprised of plastic.

10. The cover for an electronic device as recited in claim 4 wherein said flexible sleeve is transparent.

11. The cover for an electronic device as recited in claim 4 wherein said sleeve opening further comprises a pressure sensitive adhesive on an inner periphery of said sleeve opening, for selectively sealing said sleeve opening.

12. The cover for an electronic device as recited in claim 4 wherein said open tubular member is secured to said sleeve opening by an adhesive.

13-15. (Canceled)

16. The cover for an electronic device as recited in claim 4 wherein said open tubular member further comprises a living hinge on opposite sides of said open tubular member.
